

“Relaxed RC Soaring in the Rockies”

Our Club

Founded:
1979

Members:
50+

PPSS Who We Are

- Pikes Peak Soaring Society (PPSS) is a diverse group of approximately 50 aviation enthusiasts. Many of whom are engineers who as modelers are devoted to the advancement and enjoyment of R/C soaring.

PPSS Club Activities

- Long Standing Relationship with Denver Area Council of Boy Scouts (model building)
- Cool Science Fair Demonstrations
- Two or three yearly workshops

Educational Opportunities (1)

- Classroom presentation and demonstration
 - Principles of flight
 - Working model demonstration
 - Outdoor flight demonstrations (weather permitting)

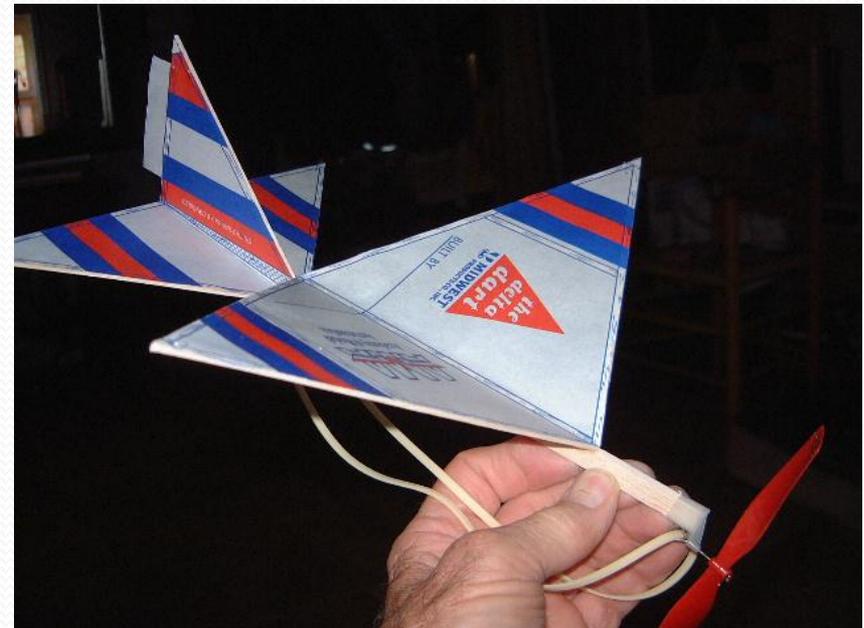

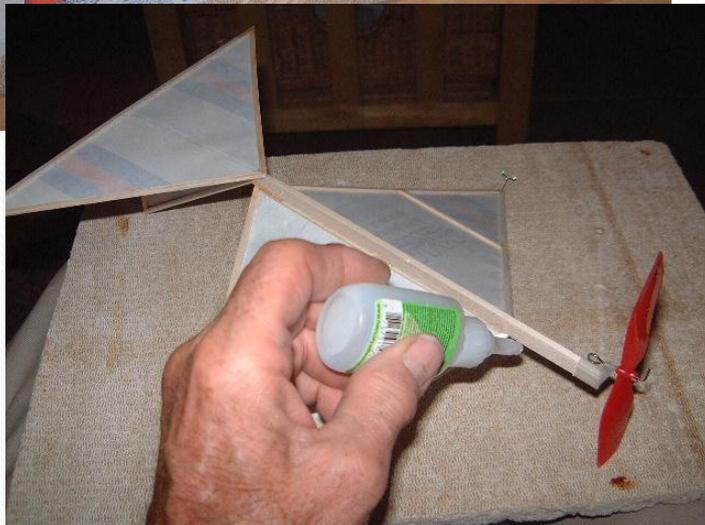

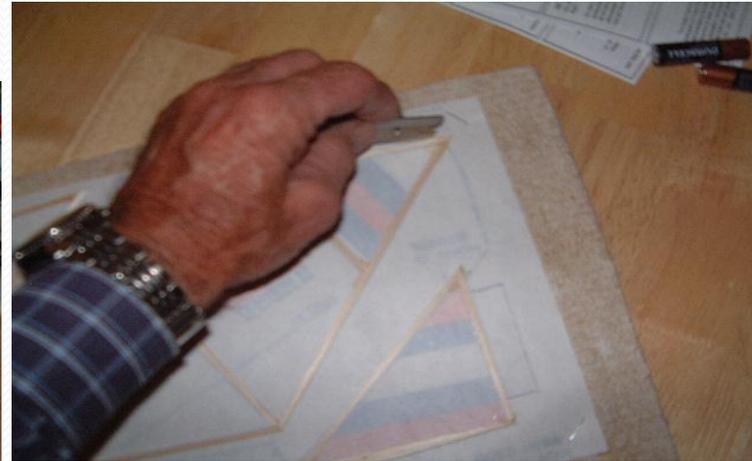

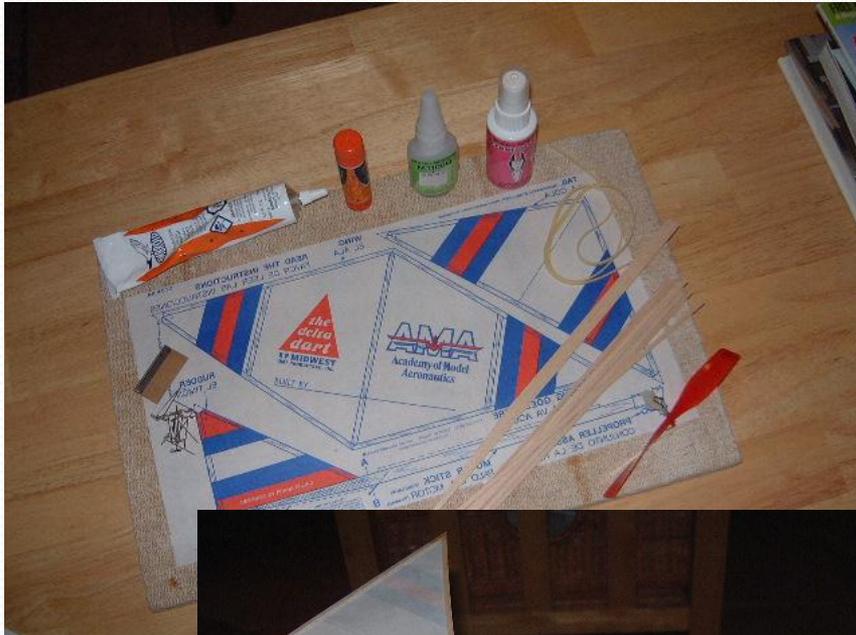

Educational Opportunities (2)

- **Building and flying**
 - Balsa and paper rubber powered airplane
 - ~ 2 hours to build and fly
 - ~\$2.00 each for airplane and supplies
 - Students keep their airplanes

- Kit of Delta Dart
- Cutting out the airplane parts
- Final Assembly
- Completed airplane

Educational Opportunities - Building a Delta dart
